## ▶ **WHO WE ARE**

We are where business leaders gather to make Nebraska the best place to own, operate, and grow a business. We are the largest broad-based business association in Nebraska, with members in all corners of the state.

## ▶ **WHAT WE DO**

We deliver economic and workforce growth, a competitive business climate, and a network of leaders with the connections and know-how to help your business succeed.

## ▶ **HOW WE SUCCEED**

Our members drive our results. Bold leadership, relentless advocacy, and statewide engagement make us successful.

## ▶ **HISTORY**

The NE Chamber dates back to November 14, 1912, when business executives met at the former Rome Hotel in Omaha and founded the Nebraska Manufacturers Association. In 1937, the organization's membership was broadened to other sectors as the Associated Industries of Nebraska (AIN).

In 1960, AIN helped organize the Nebraska Chamber of Commerce. The two groups subsequently merged to become the Nebraska Association of Commerce & Industry. In 1988, at the organization's 76th annual meeting, members ratified a name change to the Nebraska Chamber of Commerce & Industry, clarifying its role as a chamber of commerce while upholding its roots and strong ties to the manufacturing sector.

Today, the NE Chamber is the only statewide, broad-based business and industry association focused on expanding economic opportunities for all Nebraskans. We are Nebraska's affiliate to the U.S. Chamber of Commerce and the National Association of Manufacturers.
